

Project to boost Sentoria earnings

KUALA LUMPUR: Property developer, Sentoria Group Bhd, expects its development in Taman Bukit Rangin 2 in Pahang to contribute positively to its earnings beginning financial year ending Sept 30, 2014.

The mixed development project, with RM315mil estimated gross development value, will see 2,500 residential and commercial units developed by Sentoria's subsidiary, Sentoria Alam Sdn Bhd.

Sentoria Group Head of Public and Investors Relations Nasiruddin Nasrun said the development would benefit from the success of its sister development. — Bernama
