1. INTRODUCTION

At the Company's 20th AGM held on 7 March 2019, the Company obtained your mandate for the Company and its subsidiary companies to enter into RRPT of a revenue or trading nature which are necessary for the day-to-day operations and in the ordinary course of business of the Group.

YOU ARE ADVISED TO READ AND CONSIDER CAREFULLY THE CONTENTS OF THIS CIRCULAR BEFORE VOTING ON THE ORDINARY RESOLUTION PERTAINING TO THE PROPOSED SHAREHOLDERS' MANDATE AT THE FORTHCOMING 21ST AGM

2. DETAILS OF THE PROPOSED SHAREHOLDERS' MANDATE

2.1 Introduction

Paragraph 10.09(2) of the Listing Requirements provides that with regard to RPT involving recurrent transactions of a revenue or trading nature which are necessary for the day-to-day operations of a listed issuer and its subsidiary companies, the listed issuer may seek a shareholders' mandate in respect of the said transactions subject to the following:

- (a) the transactions are in the ordinary course of business and are on terms not more favourable to the related party than those generally available to the public;
- (b) the shareholders' mandate is subject to annual renewal and disclosure is made in the annual report of the aggregate value of transactions conducted pursuant to the shareholders' mandate during the financial year where the aggregate value is equal to or more than the thresholds prescribed under Paragraph 10.09(1) of the Listing Requirements;
- (c) the listed issuer's circular to shareholders for the shareholders' mandate shall include the information as prescribed by Bursa Securities;
- (d) in the meeting to obtain shareholders' mandate, the interested director, interested major shareholder or interested person connected to a director or major shareholder, and where the interest of an interested person connected to a director or major shareholder is involved, such director or major shareholder, must not vote on the resolution approving the transactions. An interested director or interested major shareholder must also ensure that persons connected to him abstain from voting on the resolution approving the transactions; and

In this respect, the Board is seeking approval from shareholders for the Proposed Shareholders’ Mandate which will allow the Group, in their normal course of business, to enter into the RRPT referred to in Section 2.3 with the Related Parties, provided that such transactions are made at arms’ length, on the Group’s normal commercial terms and on terms not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders of the Company.

The Proposed Shareholders’ Mandate, if approved at the forthcoming 21st AGM on 30 September 2020, is subject to annual renewal and shall take effect and shall continue to be in force until:

- (iii) revoked or varied by ordinary resolution passed by the shareholders of the Company in general meeting,

whichever is the earlier.

Disclosure will be made in the Company’s Annual Report of the breakdown of the aggregate value of the RRPT, types of transactions made, names of Related Parties involved and their relationship with the Group pursuant to the Proposed Shareholders’ Mandate during the financial period in accordance with Paragraph 10.09(2) and Practice Note 12 of the Listing Requirements.

2.2 Classes of Related Parties

The Proposed Shareholders' Mandate sought will involve RRPT between the companies in the Group with the following classes of Related Parties:

- (ii) Persons connected to the Directors or Major Shareholders.

Directors and/or Major Shareholders of the Company and/or Persons Connected to them	Sale of land or land-based properties, the transaction value of which will not exceed 10% of any of the percentage ratios in Paragraph 10.02(g) of the Listing Requirements	*	-	*
* <i>The estimated value cannot be ascertained as the various types of properties sold by the Group varies from project to project. However, in accordance with Paragraph 3.3(a) of Practice Note 12 of the Listing Requirements, the transaction value cannot exceed 10% of any of the percentage ratios in Paragraph 10.02(g) of the Listing Requirements.</i>				

2.4 Amount due and owing by Related Parties

For the financial period from 1 October 2018 to 31 March 2020, there were no amounts due and owing to the Group under the RRPT which exceeded the credit terms.

2.5 Methods or procedures to determine transaction prices for RRPT/Review procedures for RRPT

To ensure that the RRPT which are in the ordinary course of business are conducted at arm's length and on commercial terms consistent with the Group's normal business practices and policies, and on terms not more favourable to the Related Parties than those generally available to the public and are not, in the opinion of the Company, detrimental of the minority shareholders, the Group determines the selling prices based on the prevailing rates according to commercial terms, business practices and policies or otherwise in accordance with the applicable industry norms/considerations.

The Group's review procedures governing RRPT are as follows:

At least two (2) other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison, whenever possible, to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/services and/or quantities.

In the event that quotation or comparative pricing from unrelated third parties cannot be obtained (for instance, if there are no unrelated third party vendors/customers of similar products or services, or if the product/service is a proprietary item), the Audit and Risk Management Committee, in its review of the RRPT may, as it deems fit and whenever available, request for additional information pertaining to the transactions from independent sources or advisers to ensure that the RRPT are not detrimental to the Group.

To monitor, track and identify RRPT, the following procedures and processes have been implemented and as a standard operating procedure of the Group:

- (i) A register is maintained by the Company to record all RRPT which are entered into pursuant to the Proposed Shareholders' Mandate.
- (ii) The Audit and Risk Management Committee will review RRPT and recommend to the Board for approval. In their review and approval process, the Audit and Risk Management Committee or the Board may, as they deem fit, request for additional information pertaining to the transactions from independent sources or advisers. A Director shall abstain from all deliberations and decision making in respect of all transactions in which he or Persons Connected to him has an interest. A summary of all RRPT will be tabled quarterly to the Audit and Risk Management Committee and the Board for notation.
- (iii) All RRPT will require the approval of senior management and all RRPT with value equal to or more than 0.25% of the percentage ratios in Paragraph 10.02(g) of the Listing Requirements in a single transaction or in aggregation for a year or for the duration of the contract will be reviewed by the Audit and Risk Management Committee and approved by the Board.
- (iv) The annual internal audit plan shall incorporate a review of all RRPT entered into pursuant to the Proposed Shareholders' Mandate to ensure that the relevant review procedures in respect of such transactions are adhered to.
- (v) Periodic review of the existing procedures and processes shall be carried out by the Audit and Risk Management Committee to ensure that they have complied with in accordance with the Proposed Shareholders' Mandate. The Board shall have the overall responsibility for the determination of these review procedures and processes with the authority to sub-delegate to officers within the Group as they deem appropriate.

2.6 Audit and Risk Management Committee Statement

The Audit and Risk Management Committee has considered the procedures and processes as stated in Section 2.5 above and is satisfied that the Group has in place adequate procedures and processes to monitor, track and identify RRPT in a timely and orderly manner and that such procedures and processes are reviewed periodically.

The Audit and Risk Management Committee has reviewed the terms of the Proposed Shareholders' Mandate and is satisfied that the said procedures and processes are sufficient to ensure that the RRPT concerned will be carried out at arm's length and on normal commercial terms consistent with the Group's usual business practices and policies and on terms not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders of the Group.

Premised on the fact that all members of the Audit and Risk Management Committee are interested in the RRPT pursuant to the Proposed Shareholders' Mandate, the Audit and Risk Management Committee has abstained from expressing an opinion on the terms of the said transactions and that accordingly, it recommends to the Board that the Proposed Shareholders' Mandate be decided upon by the non-interested shareholders at the forthcoming 21st AGM.

3. RATIONALE AND BENEFITS OF THE PROPOSED SHAREHOLDERS' MANDATE

The RRPT pursuant to the Proposed Shareholders' Mandate are all in the ordinary course of business and intended to meet the business needs of the Group on the best possible terms and represent sound business decisions which are taken for legitimate and bona fide business purposes.

The Proposed Shareholders' Mandate is intended to facilitate transactions entered into in the ordinary course of business of the Group with the Related Parties at arm's length and based on the Group's normal commercial terms which are not more favourable to the Related Parties than those generally available to the public and are not detrimental to the minority shareholders of the Company.

The Proposed Shareholders' Mandate will eliminate the need to convene separate general meetings on an ad-hoc basis to seek shareholders' approval as and when RRPT with the specified classes of Related Parties arise. This will reduce substantially the expenses associated with the convening of general meetings, improve administrative efficiency considerably and allow resources to be channelled towards other corporate objectives.

4. FINANCIAL EFFECTS OF THE PROPOSED SHAREHOLDERS' MANDATE

The Proposed Shareholders' Mandate will not have any effect on the share capital of the Company and the shareholdings of the Directors and Substantial Shareholders in the Company. It will also expected not to have any material effect on the EPS and NA of the Group for the financial year ending 31 March 2021.

5. APPROVAL REQUIRED

The Proposed Shareholders' Mandate is conditional upon your approval at the forthcoming 21st AGM.

whichever occurs first.

- 2.3 For illustrative purposes, based on the Company's number of shares in issue, number of treasury shares held, and number of outstanding Warrants-B as at the LPD of 567,277,991 Sentoria Shares, 9,596,900 treasury shares and 205,867,236 Warrants-B respectively, and public shareholding spread of approximately 28.07%, the maximum number of Sentoria Shares that can be purchased pursuant to the Proposed Share Buy-Back is 22,793,062 Sentoria Shares (assuming no Warrants-B are exercised) and no Sentoria Shares can be purchased if all Warrants B are exercised as it would breach the shareholding spread as at the LPD. This is due to the fact that as of the LPD, 180,887,134 or 87.87% of the total outstanding Warrants B was beneficially owned by Sentoria Capital Sdn. Bhd., a substantial shareholder of the Company.

2.4 Source of funds

The Proposed Share Buy-Back will allow the Board to exercise its power to purchase Sentoria Shares at any time during the time period stipulated in Section 2.2 above, using the Group's internally generated funds and/or external borrowings. The actual number of Sentoria Shares that may be purchased is subject to compliance with the 25% public shareholding spread as required by Paragraph 8.02(1) of the Listing Requirements and the availability of funds, cost factors, and market conditions and sentiment.

In addition, the maximum funds to be allocated for the purchase of Sentoria Shares pursuant to the Proposed Share Buy-Back will also be subject to the amount of the Company's retained earnings. Based on the Group's latest audited financial statements for the financial period from 1 October 2018 to 31 March 2020, the retained earnings was RM66.7 million at the Company level.

In the event the Proposed Share Buy-Back is to be funded using external borrowings, the Board will ensure that there are sufficient funds to repay such borrowings and that the repayment will not have any material effect on the cash flow of the Group.

2.5 Treatment of Purchased Shares

Pursuant to Section 127 of the Act, the Board may, at its discretion, deal with the Purchased Shares in the following manner:

- (i) cancel the Purchased Shares; or
- (ii) retain the Purchased Shares as treasury shares for:-
 - (a) distribution as share dividends to the shareholders of the Company;
 - (b) resell on Bursa Securities in accordance with the relevant rules of Bursa Securities;
 - (c) transfer for the purposes of or under an employees' share scheme;
 - (d) transfer as purchase consideration;
 - (e) cancellation subsequently;
 - (f) sell, transfer or otherwise use for such other purposes as the Minister may by order prescribe; or
- (iii) retain part of the Purchased Shares as treasury shares and cancell the remainder; or
- (iv) in any other manner as may be prescribed by all applicable laws and/or regulations and guidelines applied from time to time by Bursa Securities and/or any other relevant authority for the time being in force;

and that the authority to deal with the Purchased Shares shall continue to be valid until all the Purchased Shares have been dealt with by the Board.

In the event that the Company ceases to hold all or part of the Purchased Shares as a result of the above, the Company may further purchase such additional Sentoria Shares provided that the total Purchased Shares (including those Purchased Shares held as treasury shares then) does not exceed 10% of the total number of issued shares of the Company at the time of purchase.

The rights attached to Purchased Shares held as treasury shares in relation to voting, dividends and participation in any other distributions or otherwise, are suspended and the treasury shares shall not be taken into account in calculating the number or percentage of shares, or of a class of shares in the Company for any purpose including the determination of substantial shareholdings, take-overs, notices, the requisitioning of meetings, the quorum for meetings and the result of a vote on a resolution at meetings.

2.6 Pricing

Pursuant to the Listing Requirements, the Company:

- (i) may only purchase its own shares on Bursa Securities at a price which is not more than 15% above the volume weighted average market price [“VWAP”] of Sentoria Shares for the five (5) Market Days immediately prior to the date of purchase. An immediate announcement will be made to Bursa Securities of any purchase of its own shares on the day of purchase; and
- (ii) may only resell the treasury shares or transfer the treasury shares pursuant to Section 127(7) of the Act at a price which is:
 - (a) not less than the VWAP of Sentoria Shares for the five (5) Market Days immediately before the date of resale or transfer; or
 - (b) not more than 5% discount to the VWAP of Sentoria Shares for the five (5) Market Days immediately prior to the resale or transfer provided that:
 - the resale or transfer takes place not earlier than thirty (30) days from the date of purchase; and
 - the resale or transfer price is not less than the cost of purchase of the Sentoria Shares being resold or transferred.

- 2.7 As at the LPD, there are 9,596,900 shares held as treasury shares. The details of the Company’s purchases of its own shares and sale of treasury shares during the financial period from 1 October 2018 to 31 March 2020 are set out in Note 19 to the financial statements of the Group’s audited financial statements for the financial period from 1 October 2018 to 31 March 2020, included in Sentoria Group’s 2020 Annual Report.

3. RATIONALE FOR THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back, if implemented, will provide the Group with an additional option to utilise its financial resources more efficiently by purchasing Sentoria Shares from the open market to help stabilise the supply and demand of Sentoria Shares traded on the Main Market of Bursa Securities and thereby supporting its fundamental value.

4. POTENTIAL ADVANTAGES AND DISADVANTAGES

The potential advantages of the Proposed Share Buy-Back to the Company and its shareholders are set out below:

- (i) The Proposed Share Buy-Back, if implemented, may help to stabilise the supply and demand of Sentoria Shares traded on the Main Market of Bursa Securities and thereby supports its fundamental value.
- (ii) The Board may also choose to retain the Purchased Shares as treasury shares, and subsequently distribute them as share dividends to the shareholders of the Company or apply them in the manner as set out in Section 2.5(ii) or cancel them, subject to all applicable laws and/or regulations and guidelines issued from time to time by Bursa Securities and/or any other relevant authority.
- (iii) The Company may have the opportunity to realise potential capital gains if the Purchased Shares are resold at prices higher than their purchase prices without affecting the total issued share capital of the Company and such proceeds may be subsequently used for investment opportunities in the future or as working capital and/or distributed as dividends to the shareholders of the Company.

The potential disadvantages of the Proposed Share Buy-Back to the Company and its shareholders are set out below:

- (i) The Proposed Share Buy-Back, if implemented, will reduce the amount of financial resources of the Group available for distribution to the Company's shareholders and may also result in the Group foregoing other investment opportunities that may emerge in the future. It may also deprive the Group of interest income that can be derived from the funds utilised for the Purchased Shares. However, such decrease in the Group's financial resources may be temporary since the Purchased Shares may be resold.
- (ii) In addition, the Group's cashflow will also be affected as any purchase of Sentoria Shares will reduce the Group's cashflow depending on the actual number of Sentoria Shares purchased and the purchase prices.

The Board does not expect the Proposed Share Buy-Back to have any material disadvantages to the Company and its shareholders as it will be implemented only after due consideration of the financial resources of the Group and of the resultant impact on the Company and its shareholders. The Board in exercising any decision to purchase any Sentoria Shares, will be mindful of the interests of the Company and its shareholders.

5. EFFECTS OF THE PROPOSED SHARE BUY-BACK

5.1 Share capital

The proforma effects of the Proposed Share Buy-Back if implemented in full on the total number of Sentoria Shares in issue are as follows:

Scenario I - Assuming no Warrants-B are exercised and the treasury shares as at the LPD and all Purchased Shares are cancelled

	No. of Sentoria Shares
Sentoria Shares in issue as at the LPD	567,277,991
Treasury shares as at the LPD	(9,596,900)
	<u>557,681,091</u>
Maximum number of Sentoria Shares which may be purchased pursuant to the Proposed Share Buy-Back*	(55,768,109)
Sentoria Shares in issue upon completion of Proposed Share Buy-Back	<u>501,912,982</u>

Scenario II - Assuming only all Warrants-B are exercised prior to the implementation of the Proposed Share Buy-Back and the treasury shares as at the LPD and all Purchased Shares are cancelled

	No. of Sentoria Shares
Sentoria Shares in issue as at the LPD	567,277,991
Exercise of Warrants-B	205,867,236
	<u>773,145,227</u>
Treasury shares as at the LPD	(9,596,900)
	<u>763,548,327</u>
Maximum number of Sentoria Shares which may be purchased pursuant to the Proposed Share Buy-Back*	(76,354,832)
Sentoria Shares in issue upon completion of Proposed Share Buy-Back	<u>687,193,495</u>

* As mentioned in Section 2.3, the maximum number of Sentoria Shares that can be purchased pursuant to the Proposed Share Buy-Back based on the total number of shares in issue, treasury shares held, and outstanding Warrants-B, and public shareholding spread as of the LPD is 22,793,062 (assuming no Warrants-B exercised) and no Sentoria Shares can be purchased if all Warrants B are exercised as it would breach the shareholding spread as at the LPD. This is due to the fact that as of the LPD, 180,887,134 or 87.87% of the total outstanding Warrants B was beneficially owned by Sentoria Capital Sdn. Bhd., a substantial shareholder of the Company.

The above scenarios are prepared for illustrative purposes and are based on the assumption that the maximum number of Sentoria Shares purchased will not breach Paragraph 12.14 of the Listing Requirements.

If the Purchased Shares are retained as treasury shares, the Proposed Share Buy-Back will not have any effect on the total shares in issue of Sentoria.

5.2 EPS

The effect of Proposed Share Buy-Back on the EPS of the Group will depend on the actual number of and prices paid for the Purchased Shares, the effective funding cost to Group to finance the purchase of the Purchased Shares and/or any loss in interest income to the Group. The reduced issued and paid-up share subsequent to the Proposed Share Buy-Back will generally have a positive impact, ceteris paribus, on the Group's EPS.

5.3 NA

If the Purchased Shares are retained as treasury shares, the net assets of the Group would decrease by the purchase cost of the treasury shares as treasury shares are required to be carried at cost and deducted from equity. If the treasury shares are subsequently cancelled or distributed as share dividends, there will be no additional effect on the Group's net assets.

The audited NA of the Group for the financial period from 1 October 2018 to 31 March 2020 was RM446.1 million or 80.0 sen per Sentoria Share.

5.4 Working Capital

The implementation of the Proposed Share Buy-Back will reduce the working capital of the Group, the quantum of which would depend on, amongst others, the number and the purchase prices of the Purchased Shares.

The resale of Sentoria Shares purchased which are retained as treasury shares will increase the Group's, working capital. The quantum of this increase will depend on the actual selling prices of the treasury shares and the number of treasury shares resold.

5.5 Gearing

The utilisation of external borrowings to implement the Proposed Share Buy-Back will increase the gearing of the Group.

5.6 Dividends

The Proposed Share Buy-Back is not expected to have a material impact on the ability of the Board in recommending future dividends. In addition, the Board will also have the option of distributing the Purchased Shares as share dividends to the shareholders of the Company.

5.7 Directors' and Major Shareholders' Shareholdings

Assuming that the Proposed Share Buy-Back is implemented in full based on the maximum number of Purchased Shares as detailed in Section 5.1 above and the said purchases are from shareholders other than the Major Shareholders of Sentoria, the effects of such purchases on the shareholdings of the Directors and Major Shareholders of the Company (based on the Company's Register of Directors' Shareholdings and Register of Substantial Shareholders respectively) are as follows:

The above table is prepared for illustrative purposes only as the purchase of the maximum number of Sentoria Shares (as set out in Section 5.1 above) will breach the 25% public shareholding spread as stipulated in Paragraph 8.02(1) of the Listing Requirements. The Board in implementing the Proposed Share Buy-Back will ensure that the 25% public shareholding spread is not breached at all times (see also Section 6)

6. PUBLIC SHAREHOLDING SPREAD

The Proposed Share Buy-Back will be carried out in accordance with the prevailing laws at the point of purchase including compliance with the 25% public shareholding spread as required by Paragraph 8.02(1) of the Listing Requirements.

As at the LPD, Sentoria's public shareholding spread was approximately 28.07%. The Board shall endeavour to ensure that the implementation of the Proposed Share Buy-Back will not breach Paragraph 12.14 of the Listing Requirements, which states that a listed issuer must not purchase its own shares on Bursa Securities if the purchase(s) will result in the listed issuer being in breach of the public shareholding spread requirements as set out in Paragraph 8.02(1) of the Listing Requirements.

7. INTERESTS OF DIRECTORS, MAJOR SHAREHOLDERS AND/OR PERSONS CONNECTED TO THEM

Save for the proportionate increase in the percentage shareholding and/or voting rights of the shareholders of the Company as a consequence of the implementation of the Proposed Share Buy-Back, none of the Directors, Major Shareholders of Sentoria and/or Persons Connected to them has any interest, direct or indirect, in the Proposed Share Buy-Back or resale of treasury shares, if any, in the future.

8. IMPLICATION OF THE MALAYSIAN CODE ON TAKE-OVERS AND MERGERS, 2010 ("CODE")

As it is not intended for the Proposed Share Buy-Back to trigger the obligation to undertake a mandatory offer under the Code by any of the Directors and/or the Company's Substantial Shareholders and/or parties acting in concert with them, the Board shall endeavour to carry out the Proposed Share Buy-Back in such a manner that it does not trigger any mandatory offer obligation under the Code for the Directors and/or the Company's Substantial Shareholders.
